

# BASES CARTÓN PLUMA

Las bases para cartón pluma son la opción más económica para lucir publicidad. Disponemos de modelos rellenables de agua o arena para uso en exteriores, aunque lo normal es la base de metal en colores negro o gris y en distintas medidas de ancho. El propio material de fabricación le confiere una gran estabilidad por su propio peso.

INFORMATION

This base is made of steel sheet of 2mm thickness and it is available in two widths (600 mm and 800mm). It features black laquered (RAL 9005) or grey laquered (RAL 9006). The XL Steel base is ideal to hold rigid materials up to 19mm thickness. The maximum recommended height for the graphic board is 2000mm. Specially designed for supporting big graphic panels thanks to its weight. This base is a simple clip holder system that grips a board between the two sides to help businesses advertise their products and services. Ideal as a sleek, professional alternative to bulky A-frame Board poster stands.
